

# We are looking for Partner Families

**HOW IT WORKS:** Habitat families are selected based on the criteria listed below.

When completed, homes are sold to partner families with a no-interest loan. The family then pays monthly payments of approximately \$650 for 25-30 years.

**1 NEED:** If you are unable to obtain a home mortgage through conventional means.

**2 ABILITY TO PAY:** You must be within 30-60% of the median income in Strafford/Rockingham County, be able to put down approximately \$5,000 for down payment and closing costs, and make monthly payments of approximately \$650 which includes principle, property taxes and homeowner insurance.

**3 WILLINGNESS TO PARTNER:** All families selected for the program will perform 250 hours (per applicant) of volunteer work for Southeast New Hampshire Habitat for Humanity.
